ANAND PASWAN

Software Developer | ASP.NET Core / .NET | MVC | Web API | PHP / Laravel | SQL Server / MySQL

Rishikesh, Uttarakhand | 9027504145 | anandpaswan4812@gmail.com | linkedin.com/in/anand-paswan-83ba40246

PROFESSIONAL SUMMARY

Software Developer with 1+ year of hands-on experience developing and maintaining database-driven web applications and internal business systems. Skilled in ASP.NET Core/.NET, MVC, Web API, PHP, Laravel, JavaScript, MySQL and SQL Server, with practical experience in reporting, task management, leave management, user/account workflows and responsive interfaces. Familiar with Power BI for data visualization and reporting. Adept at translating business requirements into maintainable features, troubleshooting issues and collaborating with teams to deliver reliable software.

TECHNICAL SKILLS

Backend / Frameworks: ASP.NET Core / .NET, MVC, Web API, PHP, Laravel, WordPress

Frontend: HTML5, CSS3, JavaScript, Bootstrap

Databases: MySQL, SQL Server

Programming Languages: C, PHP, JavaScript

Design / Tools: Power BI, Figma, Canva, Git / GitHub

Professional Strengths: Problem Solving, Communication, Teamwork, Time Management

PROFESSIONAL EXPERIENCE

Software Developer - Goyal Brothers Prakashan

2025 - Present | Rishikesh, Uttarakhand | 1+ Year

- Develop and maintain database-driven web application modules using ASP.NET/.NET, PHP, JavaScript, MySQL and SQL Server.
- Build and improve user-facing workflows such as forms, reporting, profile/account management and data-processing features.
- Troubleshoot application issues, refine responsive UI, validate data flows and support ongoing performance and usability improvements.
- Collaborate with team members to understand requirements, implement features and maintain dependable production applications.

SELECTED PROJECTS

Staff Report Management System

Technologies: ASP.NET / .NET | Live Application

Developed an internal staff reporting platform for submitting and viewing work reports, project-wise report tracking, user profile/password management and centralized report history. Implemented leave application/management and group chat workflows to support day-to-day employee communication and operations.

Task Management System

Technologies: ASP.NET / .NET, MySQL

Developed a web-based task management system to create, organize and track tasks through a centralized workflow with MySQL-backed data storage. Designed structured task records and status visibility to help users manage ongoing work and monitor progress efficiently.

WordPress E-commerce Website

Technologies: WordPress

Built a responsive e-commerce website in WordPress with product/category presentation, shopping-focused pages and customer-friendly navigation. Configured maintainable content and product-management workflows to support day-to-day online store operations.

E-Log Book

Technologies: ASP.NET, SQL Server

Built a digital record-management system for maintaining log entries in an organized and secure format with structured data handling. Improved record accessibility and reduced reliance on manual log-book processes through centralized digital storage.

Hospital Navigation System

Technologies: HTML, CSS, JavaScript, PHP, MySQL

Created a hospital layout navigation solution using visual room/path representation and coordinate-based guidance for easier movement inside facilities. Integrated MySQL-backed feedback collection to support user interaction and future usability improvements.

Home Automation

Focus: IoT / Home Automation

Developed an IoT-based home automation concept for remotely controlling household devices such as lights and fans. Focused on convenient device control, automation workflows and improved awareness of household energy usage.

EDUCATION

Master of Computer Application (MCA) - Swami Rama Himalayan University, Dehradun | 2023 - 2025

Bachelor of Computer Application (BCA) - Hemvati Nandan Bahuguna Garhwal University | 2020 - 2023

Intermediate (12th) - Uttarakhand Board | 2019 - 2020

High School (10th) - Uttarakhand Board | 2017 - 2018

CERTIFICATION

Web Development - 2023

LANGUAGES

English, Hindi
